Model:	L45B-PPS 86548-3X
Capacity:	2,177 kg @ 600 mm Load Centres
Platen width:	2,200 mm
Useable Platen length:	1,220 mm
Mounting class:	3A, Quick disconnect
Weight:	1,020 mm
HCG:	216 mm
VCG:	246 mm
Loss load:	184 mm

Heavy duty design uses high strength A514 steel on the linkage, platens and jaw. Tall gripper bar eliminates openings that can catch bags. The urethane gripper pad is easily replaced and is designed for maximum visibility especially through the jaws. Quick disconnect lower hooks automatically adjust for initial fit and wear. The push cylinders are designed for maximum speed and are cushioned at both ends for smooth starts and stops.
